STUDENT ID/KEY CARD SAFETY CHECK

NOVEMBER 4TH

CCHS is committed to maintaining a safe, secure learning environment. We are thankful for the door access control system that was installed in recent months to further enhance a secure campus. At the beginning of the school year, we informed students of the importance of having their student ID/key card available each day to access entry to the building and to open the transition doors inside the school building. For the safety and security of the school community, CCHS will conduct a student ID/key card check on **Wednesday, November 4th**. The plan for the ID/key card scan is summarized below.

- **The Requirement:** All students in grades 9 through 12 will be required to physically scan their student ID/key card upon arrival on November 4th.
- **Attendance Records:** Attendance for this day will be verified based on the electronic scans of each student's card.
- **Preparation:** Students should use the upcoming days to locate their student ID/key card and place it in their backpack or on a lanyard.

Students unable to locate their student ID/key card must purchase a replacement card. Select the link below to order a new student ID/key card.
