

## Text Book Information 2011-12

The following are the books that are required for each course at CCHS and where to purchase those books. Some books (traditional/ebook/CD/or DVD), will be purchased either directly from CCHS or through our book distributor, MBS Direct. Under each class title the REQUIRED books are listed, and the place where the material listed is to be purchased. For some courses (examples are Spanish I, II, III or American History), MBS lists the traditional textbook as "required" and the online access or DVD as "optional." If you look at the student message on MBS or the information below, you will note that ANY version offered for that course is acceptable. Near the end of the ordering process on MBS, you will notice that they offer optional supplemental materials. These are totally optional, and not necessarily chosen by the teachers or school.

The link to purchase the materials that are listed to be purchased directly through CCHS is: <http://www.cchs.us/academics/eBooks.cfm#d23596>

The link to purchase the materials through the book distributor, MBS Direct is: <http://bookstore.mbsdirect.net/cchs.htm>

### English I

- Ebook purchased through CCHS
- Workbook purchased through MBS

### English II

- Ebook purchased through CCHS
- Workbook purchased through MBS

### English III

- Textbook and Workbook purchased through MBS

### English IV

- Textbook purchased through MBS

### AP English

- Textbook purchased through MBS

### Algebra I

- Ebook purchased through CCHS

### Business Math

- Textbook purchased through MBS

### Algebra II

- Textbook purchased through MBS

## Geometry

- Textbook purchased through MBS

## Integrated Math

- Textbook purchased through MBS

## Intermediate Algebra Dual Credit

- Textbook packaged with CD purchased through MBS

## College Algebra Dual Credit

- Textbook packaged with 2 CDs purchased through MBS

## College Trigonometry

- Textbook purchased through MBS
