- **Serving Educators:** Some students enjoy going back to their middle school to help their former teachers at the end of the year to clean out rooms, organize PE equipment, and also help prep for the next year. You may want to help out during the year at different events, too.

Sometimes, serving with a friend makes it easier if you are uncomfortable in new situations. Mrs. Doucette sends out periodic emails with additional opportunities to serve. Occasionally, opportunities are listed in the school newsletter as well, so please make sure you are checking the newsletter every week. If you find an opportunity and you want to be sure it's acceptable please, feel free to contact Mrs. Doucette.
