

# Female Dress Code for Prom

Appropriate and Modest

# LENGTH

- All dresses must be long / floor length
  - Any slit in the dress (front or back) can be no higher than the knee
  - Must remain in compliance even after walking several steps
-

# TOP

- Must have modest neckline
  - No cleavage exposed
  - If strapless, the top must meet above criteria AND stay in place while dancing
  - Every “body” is different...what works for one, might not work for you!
-

# FIT

- May not be “skin tight”, or cling to bottom
  - Choose materials & size wisely
  - No bare midriff, or midriff exposed
  - Back - no lower than the small of your back
-

# DRESSES NOT APPROVED:

**Slit too high.** Must only be TO the knee

**Too low cut & sheer**  
covering not enough

# Avoid slits above the knee

← Slit is too high →

## Pay attention to cut out areas

Avoid flesh tone fabric underneath dresses with cutouts. The fabric must not convey an image of the skin showing through a sheer fabric.

Approved as long as cutout is no lower than small of back

# ORDERING ONLINE

- Not recommended
- Many are not returnable
- “Rental” options are not available until day before event
- Find a store to try it on with correct sizing
- Sizes are NOT the same as everyday clothing (formal dresses are smaller in size)

# IMPORTANT!

These guidelines will be strictly enforced as students enter the event. Students not meeting the dress code will not be allowed entry.

Please do not ignore this message. We do not want to deny anyone entry, but we will do so if a dress does not follow the dress code described in this presentation.

If in doubt...DON'T. We will not approve a picture of a dress in advance. We will not have dress checks prior to the event. Follow these guidelines in order to attend Prom.

Thank you for partnering with us as we aim to have an amazing Prom experience.
