# Lockers & Backpacks

---

Lockers are available upon request to all incoming students and are provided to help keep personal belongings safe and organized throughout the school day. To ensure everyone's security, students are asked to keep lockers locked at all times.

We appreciate your help in keeping lockers in good condition. Any damage or defacement—including tampering with the locking mechanism—may result in a fine to cover repair costs.

Students are welcome to personalize the inside of their lockers using magnets. To keep the hallways looking neat and well-maintained, please do not use adhesive materials (such as glue, tape, or stickers) on the outside of lockers.

The school administration may inspect lockers periodically to help maintain a safe and secure environment for all students.

Athletic bags and equipment should be stored in designated areas during the day to keep hallways clear and safe. Backpacks are not permitted inside classrooms to help maintain an organized and focused learning space.

# After School Supervision

---

- After School Supervision is provided for students each day in a designated classroom. Students on campus 15 minutes after the dismissal bell must report to the room designated for supervision if he/she is not in an activity supervised by a coach, teacher, club sponsor, or other staff member.
- Students may remain in After-School Supervision from 3:10–5:30 PM for no additional cost. A student remaining from 5:30–5:45 PM will incur a \$15 per day charge. A student remaining after 5:45 PM will incur a \$50 charge per 30 minute increments.
- The athletic facilities, including the weight room, are for use by teams under the supervision of a coach. The athletic facilities, including the weight room, are not “open” areas where students may go after school dismisses unless they are a part of a team using the facility for a school-related purpose.
- On days when there is an athletic event on campus, students remaining on campus to attend the event must be supervised in the room designated for After-School Supervision until time for the event to start. Students may not congregate in the hallways or outside an athletic facility on campus waiting for the event to begin.

# Community Service

---

One of the goals we have for our students at Calvary Christian High School is to develop the Christian character trait of servanthood. Calvary encourages students to serve their community, their local church, and local agencies committed to serving those less fortunate. Therefore, **a minimum of 100 hours of Community Service is one of the requirements for graduation.**

## There Are Several Facets About Community Service to Consider:

- Work for the Glory of God (**1 Corinthians 10:31**)
- Scholarships may be tied to Community Service (Bright Futures, for example)
- Forms should be **filled out completely by the STUDENT (not parent)**
- Community Service forms are to be turned in the same semester as completed.
- Community Service is a great way to learn about possible careers. If you are interested in medicine, for example, volunteer at a hospital, nursing home, etc.
- Students may not earn community service by working for a family member or individual; it must be completed through an institution.
- Rising 9th graders may begin logging Community Service after 8<sup>th</sup> grade graduation.
- Senior Privilege - Seniors must meet requirements stated in current year handbook to earn Senior Privilege.
- Documentation: In the Community Service description area we require a complete description of the service performed. For example, a form with "VBS or Basketball Camp" will not suffice. You must give details that describe the impact of your service on the community.
- CCHS will communicate opportunities for community service as we learn of them. You are not limited to these opportunities.

Admissions Student Leaders serve as hosts for school events, student shadows, and school tours for prospective families as well as assist teachers and administration in various leadership tasks.
