UNIQUE WEALTH

John Mosher, CFP®, CEPA®, ChFC®, CLU®, AEP®
President | Partner Business & Estate Strategies

"My mission aligns an individual, a family, or a business' goals, values, and dreams with action. While we provide a holistic financial planning approach, we specialize in Family Wealth Planning, Tax-Efficient Retirement Income Distribution Planning, and Estate and Business planning. The market segments we can bring most value to include the medical community, business owners, and executives."

UNIQUE WEALTH AREAS OF EXPERTISE

Retirement Planning

Perhaps one of the greatest financial challenges you will face in your lifetime is preparing adequately for your retirement. I will help you create a plan that will assess your current financial situation, determine the retirement lifestyle for your future, review the many options available, and put solutions in place to help ensure you achieve the retirement of your dreams.

Business Succession Planning

What will happen to your business when you retire, or if you become permanently disabled or die? What's the value of your business, and how much is each owner's share worth? As a business owner, you know how many years you have invested in your business. Wanting it to continue is natural. Because I specialize in business succession planning, I can help you answer these and other questions. Together we can develop a plan to help ensure a smooth transfer of your business.

Estate Planning

You work your whole life to build your estate. You should have control over what happens to it upon your death. Building a lasting legacy takes more than simply accumulating a large portfolio. You need a solution that remains flexible enough to allow you to maintain maximum control of your assets and enjoy them during your lifetime while you prepare for the efficient transfer of those assets after you die.

for premier Florida hunting.**

Whether you are after native game, exotic game, or both, you'll find it here
along with world-class lodging, unmatched hospitality,
and family-friendly service.

Hunt trophy whitetail in the morning, reel in a giant on a guided fishing trip
in the afternoon, or take on the thrill of bowfishing or alligator hunting.

For the non-hunters in your group, there is plenty of adventure waiting.

This is more than a hunt. It is the ultimate Florida outdoor experience.
