Junior Group College Counseling Session #4

Last week, the college counselors visited all junior US History classes to present Junior College Counseling Group Lesson #4, "Preparing for the College Application". This lesson covered graduation requirement reminders and action items you can be working on over the summer to ease into the application process and make it less stressful in senior year. We also provided some important dates of upcoming events for college application help and financial aid.

Junior Year Group Sessions Recap:

Our hope is that you've used the information we've given you this year to do your "best-fit-college" research and narrow your list of colleges to 3-8 that you plan to apply to. We've also partnered with your junior English teachers this quarter to help you brainstorm topics for, or begin writing your college application essay. If you would like to review the College Counseling College Essay lesson or any of the other lessons and topics covered this year, all lesson recordings are linked below.

Summer Enrichment Programs for High School Students

Many colleges and universities offer summer enrichment and pre-college camps and programs for underclassmen students. They have traditionally been offered in-person on the college campuses. We continue to see virtual options be available. If you are looking for summer enrichment opportunities from colleges across the US, the college counseling office maintains a database of opportunities that are advertised to us. You can access this database [HERE](#).
